Grant Improves Water System in St. Clair Township

COLUMBUS – Columbiana County will receive a grant to improve a water system in St. Clair Township. The grant is from the Community Development Block Grant, Residential Public Infrastructure Program.

The County will receive a \$160,000 grant to connect the Shadybrook Mobile Home Park to the Buckeye Water District, as well as \$172,000 from other funding sources that will go towards the project costs. The project will install 3,700 linear feet of waterline and benefit 20 households.

“Efficient and safe water systems are integral to providing a strong quality of life for Ohioans,” said David Goodman, director of the Ohio Development Services Agency. “Reliable and upgraded infrastructure also better positions our communities for economic development.”

The Community Development Block Grant Program is administered by the Ohio Development Services Agency’s Office of Community Development.
